

Application Form for Connection of Distributed Generation ($\leq 10\text{kW}$)

Please complete the following information and forward to Wellington Electricity

Site Details

Site Address	
Telephone Number	
Electricity Retailer	
Customer ICP Number (Found on your electricity account)	
Proposed Date of Installation	
New installation or Capacity increase	New / Capacity increase*

Contact Details

Distributed generator owner	
Contact Person	
Contact Telephone Number	Daytime: Mobile:

Installer Details

Installer	
Accreditation/Qualification	
Address	
Contact Person	
Telephone Number	
E-mail Address

Application form for Connection of Distributed Generation ($\leq 10\text{kW}$)

Distributed Generator Details	
Type of distributed generator (photovoltaic, wind etc.)	
Inverter manufacturer and model Type	
Inverter Max. Apparent power output to grid (kVA)	
The inverter complies with AS/NZ 4777.2.2020?	Yes / No*
Will the installation comply with AS/NZS 4777.1.2016?	Yes / No*
Micro-generator rating (kVA) (Under normal running conditions)	
Number of phases	
Any export meters?	Yes / No*
Power factor (Under normal running conditions)	
Maximum peak short circuit current (A)	
Type of prime mover (if applicable)	
Energy Source	
Location of distributed generator within the installation	
Location of multi-pole isolator	
Connection Voltage	230 V / 415 V*
Battery Storage System Model (if applicable)	
Battery Storage System Capacity (kWh)	

*(circle the one that applies)

Please attach a Certificate of Suitability to show that the inverter model complies with standard AS/NZ 4777.2:2020 (If applicable, please provide any other technical information about the inverter or fuel source with the application as well).

*If your inverter does **NOT** have a Certificate of Suitability or **NOT** comply with the standard AS/NZS 4777.2:2020, it will have to pass through an approval process and therefore your application will take longer to process.*
